Standard Printing Acquires Scale Ticket Business From Cromwells, Inc.

Standard Printing Company has acquired the Scale Ticket manufacturing and sales accounts from Cromwells, Inc. All production and account records, plates and negatives have been transferred to Standard Printing.

Standard Printing carries a product line of 56 Stock Scale Tickets for TRB and Electronic Scales. Along with Stock Tickets, Standard also has full in-house production capability for Custom Tickets. With over 80 years experience in the industry, Standard Printing has become the leader in Scale Ticket production.

Maintaining Quality Standards In Scale Ticket Industry For Over 80 Years

Standard Printing Company produces stock and custom Scale Tickets for most major scale manufacturers in the United States. Standard currently sells Scale Tickets to hundreds of customers in all 50 states, Canada and Puerto Rico. Quality and service have helped Standard Printing become the largest manufacturer of Scale Tickets in the United States.

Standard uses only the highest quality materials in their manufacturing process, to assure excellent image transfer. Whether carbonized bond or carbonless, they have many years of experience with your type of Scale Ticket. The staff at Standard Printing understand the precise tolerances of scales and printers, which is why their products are made to your scale manufacturers specifications.
